

PREP TOP

PREP TOP

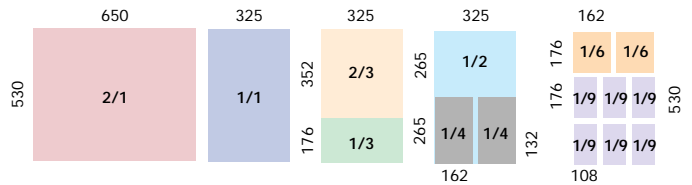

Introduction

Foster's Prep Tops are available in widths from 1.2 to 1.8m and a choice of two depths (32cm and 38cm) to suit your available space.

With Prep Top you have total flexibility. The choice is virtually unlimited. The drawings below show just two possible pan arrangements for each model although many other combinations can be specified to meet your particular needs. The section to the right details the bridging and spacers that are required for the suggested pan layout.
